

Leader in Electrical Installation and Maintenance

High Quality as Standard

Company Background

JM Electrical has been established for over 20 years and has built an excellent reputation for providing high quality electrical services in and around Cambridgeshire.

The company director is Julian Mair, a time served electrical engineer.

In addition to general electrical installation services for domestic, commercial and industry environments we offer:-

- information technology ("IT") infrastructure installation
- fire alarms
- intruder alarms
- heating and air conditioning controls
- emergency call alarms
- lightning protection
- low voltage electrical power distribution and switch gear installation

Our aim is to provide "*total power and data solutions*" to the commercial and domestic industry in and around Cambridgeshire.

Quality Installation

Below are some of the contracts we have been directly involved in:

- Kings College
- Magdelene College
- DisplayLink
- AB Developments
- Aki Teri
- LIDL (Kynast elektroanlagen GmbH)
- Jamie Oliver restaurants

Electrical Contracting & Maintenance

For over 20 years, JM Electrical has worked to become a leader in providing cost-effective electrical contracting and maintenance services to our Industrial clients. Our continuous contracts are an indication of our value in the Industrial sector. Our experience with contract maintenance has given us the expertise to help reduce your annual cost without sacrificing safety or quality.

In our service sectors, where competition is driven primarily by

cost, facility and plant maintenance is a required service. Contract maintenance is the most cost-effective and reliable approach to ensuring a plant's operation. Our highly experienced staff, consisting of extensively trained and experienced electricians, assures excellence, control, and accountability.

Whether your needs revolve around full time or periodic contract maintenance, JM Electrical Limited can be your single source provider.
